I want to make a Fiverr account where I showcase videos from my various YouTube channels as proof of concept and then make either football or fifa (fc24/25) edits that are requested. How should I set it up and what would be the best price to advertise myself as an editor of these types of videos then? (Friday, Sep 20)

1. Research Competitors:

- Look at other video editors on Fiverr who offer similar services. Check their pricing and what they include in their packages.

2. Start with Competitive Rates:

- As a new seller, you might want to start with slightly lower prices to attract your first clients and build reviews. For example:
 - **Basic Package:** £10-£20 for a simple edit (1-2 minutes).
 - **Standard Package:** £30-£50 for a more detailed edit (3-5 minutes).
 - **Premium Package:** £60-£100 for a comprehensive edit (5-10 minutes) with advanced effects.

3. Adjust Based on Demand:

- As you gain more clients and positive reviews, you can gradually increase your prices.

Additional Tips

- **Promote Your Fiverr Profile:** Share your Fiverr gigs on your social media and YouTube channels to attract more clients.
- **Customer Service:** Provide excellent customer service to ensure positive reviews and repeat business.
- **Stay Updated:** Keep learning and improving your skills to stay competitive in the market.
